

# TEXTURING FOR BUSY LABS...

High Productivity—High Profits with Coda, Inc. sheet-fed or automatic roll-fed texturing machines.

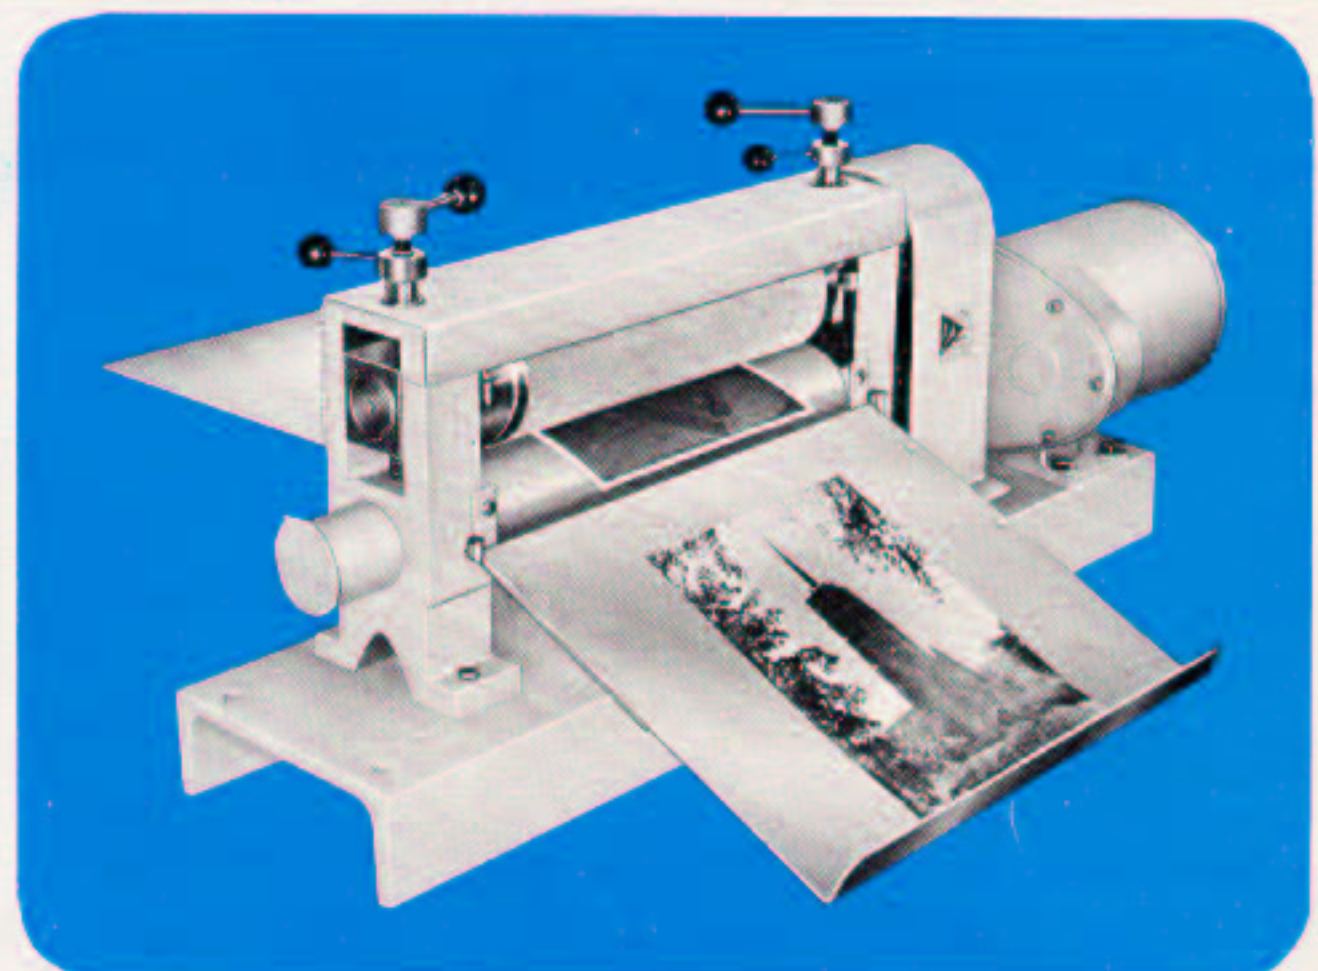

When your texturing volume exceeds the capacities of Color-Tex by Coda (400 prints per hour), you'll profit with ECONOTEX or ROLTEX.

Precision-engineered lab equipment uniformly textures your prints between motor-driven pressure-controlled rolls. Production proven—For years the industry standard

## ROLTEX

for high production  
*Roll Feed*, up to 25' (7.6 M) per minute  
 Takes *standard rolls* right from processor up to 11" width (30 cm)

## ECONOTEX

for high production  
*Sheet Feed*, up to 1800 prints per hour  
 Textures *single prints*, all sizes, up to 11" width (30 cm)

Your choice: 6 popular textures available for both Econotex and Roltex:

Coda E     Linen     Silk     Eggshell     Canvas     Heirloom

...and look at these *quality* features:

- Rugged ½ HP gearhead motor: 120V-AC, 60 Hz. 7.6 amp.
- Upper roller is solid steel engraved with the texture of your choice and chrome-plated for hardness.
- Bottom roller is also solid steel covered with a special resilient coating for fine textures or with a matching pattern for deep textures.
- Heavy-duty, maintenance free...designed by professional for professionals.

	ROLTEX	ECONOTEX
Table space:	37" x 38" (94 x 97 cm)	25" x 38" (64 x 97 cm)
Approximate Gross Shipping Weight:	420 lbs. (195 kg)	275 lbs. (125 kg)
Shipping Carton Dimensions:	48"L x 42"W x 22"H (122 x 107 x 56 cm)	59"L x 23"W x 25"H (150 x 58 x 63 cm)

Larger machines available on special order; ask for quotation. Write or call for sample textured prints.
